

Eiffel Tower Wedding

Get married or renew your vows at the Eiffel Tower
- the most famous landmark in Paris.

The Package

Outdoor Ceremony

Have your ceremony with the Eiffel Tower in view or choose a more intimate spot nearby then capture Eiffel Tower photos after your vows.

Ideal for a couple only or up to 15 guests.

"Claire and her Dream Team created a truly magical experience for our wedding in Paris. The ceremony was perfectly executed." - Carmen & Trammell

Ceremony Script

Your English-speaking officiant conducts a short, intimate ceremony, written especially to recognise your celebration (elopement, wedding or vow renewal) and reflect the romance of Paris.

Personal Vows

To make it special, we encourage you to write your own personal vows for the ceremony.

Your Planner can even help you with great tips and examples.

Souvenir Certificate

You take away a beautiful souvenir certificate as a memento of the day.

Symbolic Ceremony

It's important that you understand our ceremonies are symbolic, not legally recognised.

From a legal point of view, you should have a civil registration in your own country in addition to your real wedding in Paris.

Couples say how little difference it makes to the sense of occasion that the wedding and paperwork are done separately.

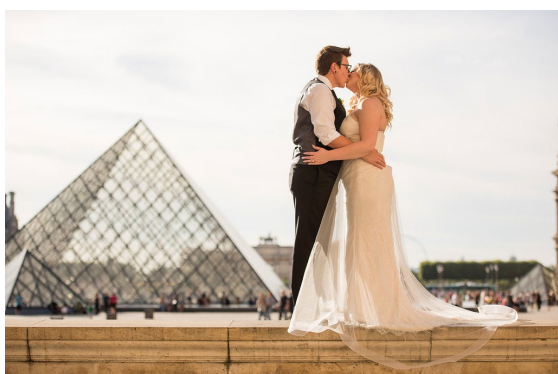

"We had a wedding that was more beautiful than we'd even dreamed would be possible." - Emma & Nick

Couples Paris Photo-Tour

Following your ceremony, you're taken on an amazing chauffeur driven photo-tour which lasts around 2 hours.

You'll be photographed at romantic locations and landmarks.

"The photographer knew the best places to have pictures taken, he was awesome!" - Katie & Michael

A few social-media-friendly images are available within 24 hours for family and friends, with a further 120+ lightly retouched high definition photos ready to download within 4-6 weeks.

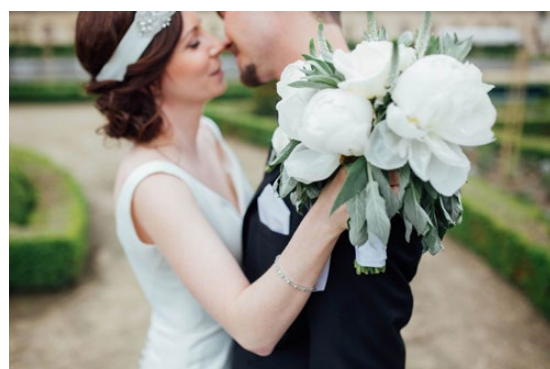

Luxury Car & Chauffeur

Your friendly English-speaking chauffeur collects you from your central Paris hotel or apartment in a luxury Mercedes car to escort you to your ceremony. At the end of your photo-tour you are dropped-off at a central Paris location of your choice.

"The driving service was accommodating to our every wish." - Nikki & Ryan

Accessorize

You may also like to accessorize your package with add-ons like flowers, hair and makeup, video, classic cars and much more... Once you have saved the date, your personal planner will be in touch to start your exciting planning process and see what add-ons you may want.

Carol-Ann

"Don't look any further this is your dream wedding team!!!!"

"Simply wonderful! To explain how wonderful and easy this experience was is almost impossible, but I will try.

From planning to execution to making decisions on flowers the team took the lead and I just enjoyed the experience. Our photographer and Video team was amazing they felt like friends immediately and made us comfortable.

My stylist Eve was second to none. Coming from NYC and doing lots of hair and makeup for events my expectations are high, and she exceeded everyone if I could adopt her as my personal stylist I would.

Our officiant was sweet and professional even our driver became our good friend fast. We laughed together and had so much fun all around Paris.

My husband and I felt so comfortable with Julien that we could get lost in our moments together.

Laurent was so stealthy with the video we never noticed when he was filming which made our video so real and a true representation of our day.

This team will forever be a part of our love story. Thank you so much .. for making my Paris dreams come true."
